## Facilities:

- Air conditioned throughout
- Fully licensed for music and dancing
- Disabled facilities including a stair lift to the first floor
- Fully equipped kitchen on site, adjacent to the main hall

## The Main Hall

On the ground floor is the main hall which is the largest area in the building and can accommodate up to 150 people theatre style or 130 for a dinner.

Adjacent to the Hall is it's own bar which is fully stocked and available as required

The stage is permanently set up with lighting and power

The extensive kitchen facilities are adjacent to the hall so that service can be prompt and efficient.

Naturally there are plenty of toilets on the ground floor including disabled facilities.

## The First Floor Bar

This area can be used for smaller events on its own or as a second bar separate from the main hall. It is ideal for pre-dinner drinks or for a smaller, more intimate dinner.

This is the main bar which is fully stocked and large enough to accommodate limited amounts of catering.

The tables can be arranged cabaret style, as dining tables (as shown) or to one side to make the most of the space available.

## The Masters Room

Above the bar on the second floor is this substantial room which is ideal for smaller meetings and can work very well in conjunction with the bar for refreshments.

Chairs and tables are usually laid out in boardroom style but this can be changed to accommodate individual needs. It makes the ideal venue for business meetings with the ability to use the bar for breaks.
